

Manual on digital signing

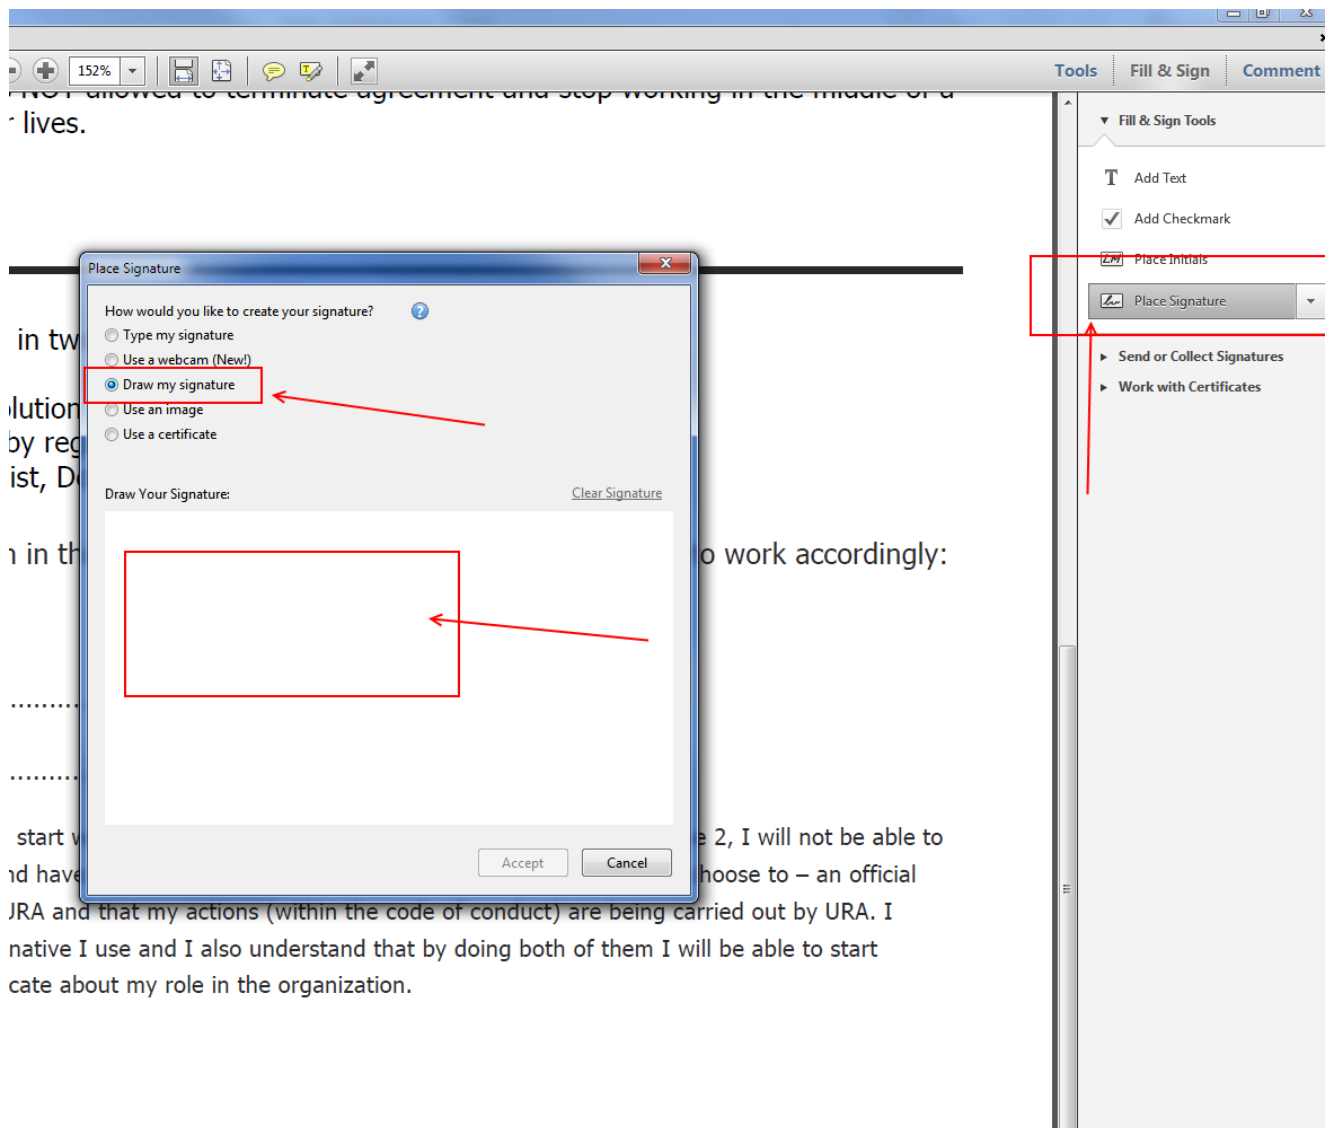

1. Save the pdf you recieved per email on your computer.
2. Open it in Adobe Reader. Scroll to the bottom

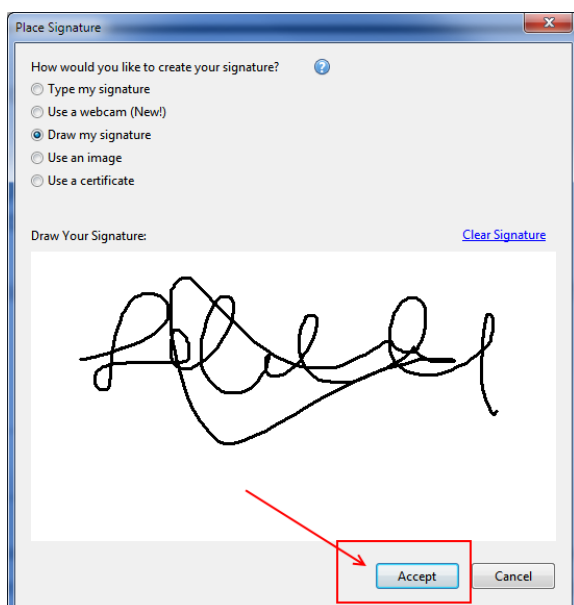

3. Click on **Fill & Sign** in right corner

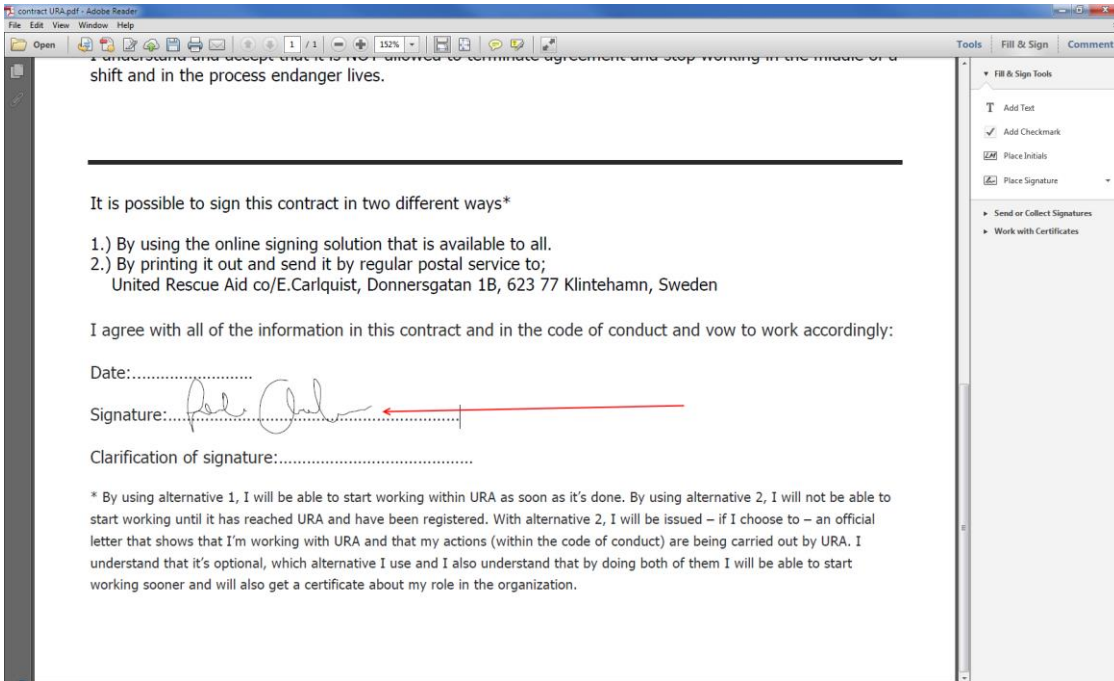

4. Choose to Place signature, and to Draw my signature. Write signature in white area.

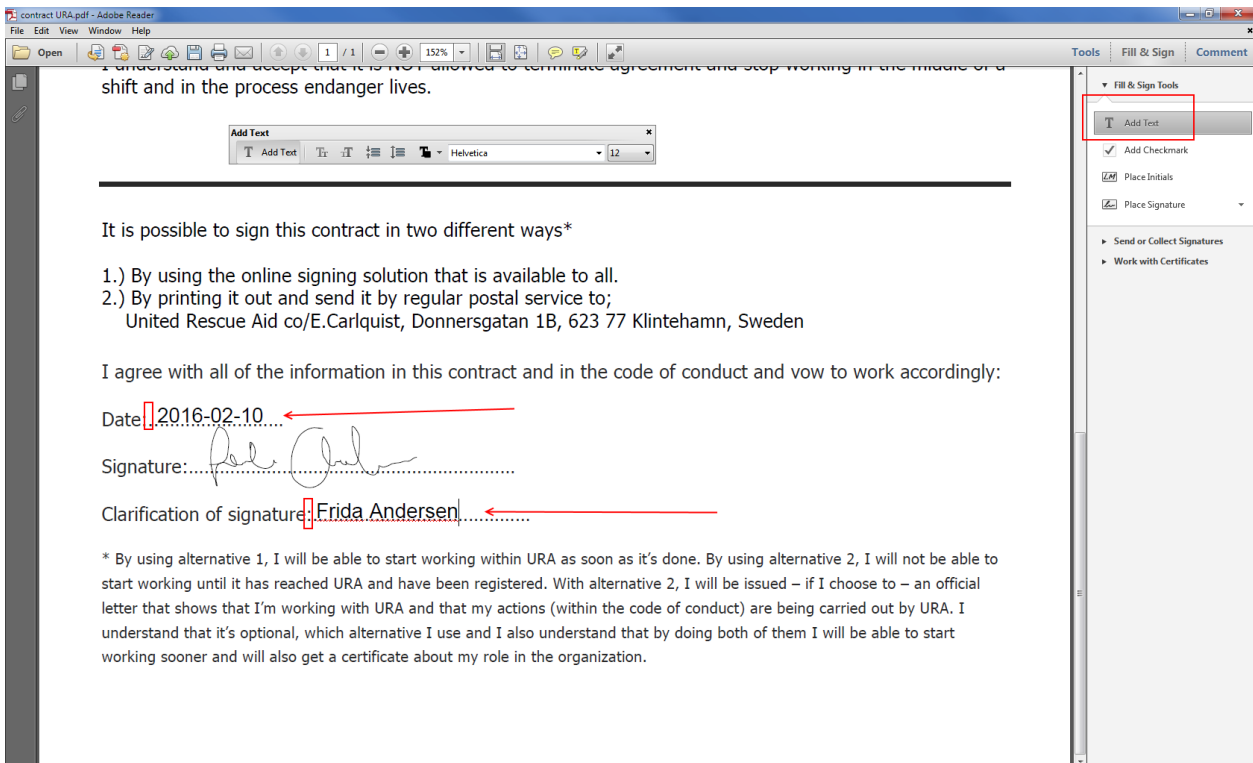

5. Use the mouse to draw your signature – as you would use a pen and write it. Click on Accept-button

6. Place your signature on the middle row Signature.....by using the mouse.

7. Click on Add Text in the right corner. Click on first row, Date:....., and write the current date then click on last row, Clarification of signature....., and write your full name. See example: 2016-02-10 Frida Andersen:

8. Go to File and Save As - Save the file in your name. f.ex. Frida_Andersen.pdf. Open your email and respond to the mail from United Rescues, add the pdf you just created above.
